Question

Should you be able to renew an item online on its due date?

Answer

Yes, an item can be renewed as long as it is not overdue.

Additional Information

An item can be renewed on its due date. However, if an item is due Tuesday at 10:00 a.m., it cannot be renewed after 10:00 a.m. on Tuesday. The date due and the time due are both factors that come into play in an item's renewal.
