## Where is the sms-log4j.properties file located?

- **Article Type:** Q&A
  - **Product:** Voyager
  - **Product Version:** 8.1.0
- 

### Question

The Circulation User's Guide states that the sms-log4j.properties file is located in /m1/voyager/xxxxdb/tomcat/smsproxy/context/core-sms-proxy/WEB-INF/classes/. It's not there - where can I find it?

### Answer

There is a typo in the Circulation User's Guide for versions 8.0.0 through 8.2.0. The sms-log4j.properties file is located in /m1/voyager/xxxxdb/ini/.
