
Problem with latest ALEPH service pack

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 18.01
-

Description:

Service pack 1-1117 produces the following error when you attempt to unzip it;

```
gzip -d ALEPH-18.01-ServicePack-1-1117.tar.gz
```

```
gzip: ALEPH-18.01-ServicePack-1-1117.tar.gz: invalid compressed data--crc error
```

Resolution:

The most common cause of this problem is that the file has been ftp-ed in ASCII mode.

Please ftp it again; making sure that it is binary.
