Question

Once collapsed, can issues of a serial be uncollapsed?

Answer

Once collapsed, serials issues cannot be uncollapsed.

Additional Information

Replication steps

1. In Acquisitions, click on Serials History
2. Retrieve a serials history via Check-In Title or other search.
3. From the Receipt History tab, highlight one of the issues.
4. Click on the Collapse button. The issue is now collapsed, meaning that the 853 and 863 information is automatically placed in the attached holding record.
