Description:

How would I "Unsubscribe" from exlibrisusers.org mailing lists?

Resolution:

You need to unsubscribe from the lists individually. You can see the lists at <https://exlibrisusers.org/listinfo> .

Click on the list you want to unsubscribe from. In the case of Aleph this will take you to <https://exlibrisusers.org/listinfo/aleph> . Go to the bottom of the page and enter your email address in the box at the bottom and then click on the "Unsubscribe or edit options" box next to it.
