

Course Reserves not populating

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

We are experiencing an issue where when adding items to our reserves they appear to be there in Aleph, but do not appear in the reserves OPAC. An example is item barcode: 39323010842178 or System number: 2983876

Resolution:

The abc30 ue_01 was stopped. Restarting it corrected the problem.
