
Alma: Barcode action on receiving continuous items is confusing

- **Article Type:** General
 - **Product:** Alma
-

Desired Outcome Goal:

In the "Receive new items" screen I keep getting a message "The item does not have a barcode. Are you sure you want to perform this action?"

How can I get rid of this message?

Procedure:

You can get rid of the confirmation message by doing the following:

1. Go to the Acquisitions Configuration Menu.
2. Select "Receiving Department Validations".
3. Set the check "Check if item has a barcode" to No.
4. Click "Save".

The message won't be displayed to you anymore.

Additional Information

Note that even when "Check if item has a barcode" is set to "Yes", you will see the warning message only if you set "Keep in department" to "No".
