

warning message when cleaning OAI tables

- **Article Type:** General
 - **Product:** SFX
 - **Product Version:** 4
-

Description:

The message:

"Subroutine debug redefined at /exlibris/sfx_ver/sfx4_1/yogevh/lib/SFXMenu/[Debug.pm](#) line 14." appears on the screen when the records of the OAI_REPOSITORY table are been deleted via the server_admin_util (5>9>1).

This error is harmless and is being investigated by SFX development team.
