

## Thumbnails' proportions distorted in RD full view

- **Article Type:** General
  - **Product:** DigiTool
  - **Product Version:** 3
- 

### Description:

After installing v3.3.2, in some cases RD thumbnails were distorted. The root cause was fixed in 3.3.3. The SP does not correct the distorted thumbnails.

### Resolution:

To correct the thumbnails, please run the following commands (after installing 3.3.3):

```
>dp  
>csh -f p_media_32 GEN01
```

Please contact Support if you have any questions.
