

Can info in fund description on voucher be changed?

- **Product:** Voyager
 - **Product Version:** all
-

Question

Can the fund description in the printed voucher request (V_C_Request) be modified to contain other information in addition to the institution_fund_id field?

Answer

Although the maximum number of characters for the fund description field (item 42) on a Voucher/Check Request is 120 characters, and the data that shows up there (the institution_fund_id) has a maximum length of 50 characters, that data is populated in the acqnotes.xxx.inp by the acqjob, and is not changeable.
