Question

Is it possible to add the item circulation note to the function 'Hold Requests / Print Letter - Hold request filled'?

Answer

To include the item circulation note (z30-note-circulation) to the function 'Hold Requests / Print Letter - Hold request filled' add the lines below to file `./xxx50/pc_display_ing/hold-request-info`

in section

```
##LABEL Item info##
```

```
<include>html-head
```

```
<include>open-table-1
```

add the lines:

```
CONDITION z30-note-circulation
```

```
<tr>
```

```
<th class="table-1" id="bold" align="right" width="30%">
```

```
Item
```

```
</th>
```

```
<td class=table-1>
```

```
./z30-note-circulation
```

```
</td>
```

```
</tr>
```

```
END-CONDITION
```
