

Where can I find FPC reports on the server?

- **Article Type:** Q&A
 - **Product:** Voyager
 - **Product Version:** 7.2.3
-

Question

When I run Fiscal Period Close, where do the reports get sent to on the server?

Answer

When FPC is run with the appropriate parameters ("Pfpc_run -ro -rf -rr"), the Open Orders, Fund Snapshot, and Rollover Status reports are generated and put into the /m1/voyager/xxxdb/rpt folder, so they can then be processed via Reporter.
