
Is Tomcat Webvoyage WCAG compliant?

- **Product:** Voyager
-

Question

Is Tomcat Webvoyage compliant with WCAG (Web Content Accessibility Guidelines)?

Answer

Not all elements are compliant out of the box. Check the compliance of default features and customization using WAVE by entering your OPAC URL here: <http://wave.webaim.org/report#/>.

Additional Information

WCAG is an international standard and information about it is available at: <http://www.w3.org/TR/WCAG20/>
