
“Failed to Read Reply” searching an individual ADM in GUI Search

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 18.01
-

Description:

Using the GUI, I can search our entire Catalog OK, but if I try searching an individual ADM, I get the “Failed to Read Reply” message.

Resolution:

Customer was specifying an ADM library in the \ALEPHCOM\tab\searbase.dat and then trying to search it in the GUI Search. You can't do that .
