

Permission for service “Inventory Definition (item-01)”

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
-

Desired Outcome Goal:

How can the permission for service “Inventory Definition (item-01)” be granted for a staff user?

Procedure:

- * Open the “Staff privileges” and select the staff user.
- * Click on button “Access rights” and select the appropriate ADM Library
- * Goto tab “1. Items”
- * Open subdirectory “Items Updates Services” and select “01 – Initiate an Inventory”
- * Select “Allowed” button in the right pane
