## Text for email notices (indicating attachment)

- **Article Type:** Q&A
  - **Product:** Aleph
  - **Product Version:** 21
- 

### Question

Where can the content of the email notice body (whose form is added as an HTML attachment) be changed from the default text:

"Dear Sir/Madam, The University of Ex Libris Library is sending you a mail message in the attached file. Sincerely, Library Administrator".

---

### Answer

This text can be found in the file mailhead.dat.  
It is located on the PC in the .\alephcom\tab\lng folder.

**Category:** Printing
