
Exclude Alma Items from Being Published to Primo

- **Product:** Alma
-

Description

We want to exclude Alma items from being published to Primo, based on the item process type.

Resolution

Alma Items can be excluded from publishing via the following setup:

1. For **Primo**, go to Configuration > Resources > Record Export > Exclude Process Types from Publishing; for **Primo VE**, go to Configuration > Discovery > Other > Exclude Process Types from Discovery Indexing
2. Select a Process Type from the drop-down menu, e.g.:
 - * Acquisition
 - * Claimed Returned
 - * Managed by Department
 - * Missing
 - * Technical - Migration
3. For each, define if "Exclude" is False or True
4. Select "Add Row"
5. When done select "Customize".
