
RTA availability for items with certain process status

- **Article Type:** General
 - **Product:** Aleph
-

Problem Symptoms:

Records with process status defined as available in publishing, show as unavailable by RTA.

Cause:

Missing definition in aleph tab_expand

Resolution:

1. Define in tab_expand expand_doc_bib_avail for RTA x-service like it is defined for publishing set:
X-AVAIL expand_doc_bib_avail AVA=[process statuses divided by comma]
2. Restart www_server

Additional Information

Example ./xxx01/tab/tab_expand X-AVAIL expand_doc_bib_avail THRESHOLD=10;AVA=MI,OR
