
Customize the 'item-in-place' Status Wording

- **Article Type:** General
 - **Product:** Alma
-

Desired Outcome Goal:

Customize the 'item-in-place' status wording in the Primo "Get It" window

Procedure:

1. Find the label in Alma:
(Primo Classic) Go to Configuration > Fulfillment > Discovery Interface Display Logic > Labels
(Primo VE) Go to Configuration > Discovery > Display Configuration > Labels and edit the 'ViewIt Labels' table
 2. Click "Customize" next to "c.uresolver.getit2.item_list.status.ITEM_IN_PLACE entry
 3. Enter the desired text in the description box
 4. Click "Customize"
-

Additional Information

Once this customization is saved, the change is immediately reflected in Primo.
