

## Which roles can use the new Shelf Report feature?

- **Product:** Alma
  - **Relevant for Installation Type:** Dedicated-Direct, Direct, Total Care
- 

### Symptoms

The new Shelf Report feature was designed to be available to the following roles:

Repository Manager, Physical inventory operator, and Fulfillment services manager.

At this time the feature is only available for the Repository Manager.

### Defect Status

There will be an injection tomorrow (Tue, December 15) to fix which roles can use the Shelf Report feature.
