

## print ini target device not working

- **Product:** Aleph
  - **Product Version:** 20, 21, 22, 23
  - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
- 

### Description

Loan receipts printing on default printer (instead of desired target printer).

### Resolution

Change column 3 ("display Print Setup window") of the LoanReceipt line in the Circ print.ini from "Y" to "N". And restart the Circulation client.
