

How do I disable the Change PIN functionality in WebVoyage?

How to disable Change PIN functionality in WebVoyage My Account

- **Product:** Voyager
 - **Product Version:** All
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

How do I disable the Change PIN functionality in WebVoyage?

Answer

1. Edit the `webvoyage.properties` file in `/m1/voyager/yyydb/tomcat/vwebv/context/vwebv/ui/nameofskin`
 2. Set `option.usePIN=N`
 3. Save changes
