

Maximum number of z103 LKR fields per record

- **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

Is there a limit to the number of LKR fields in a bib record? It looks like the z103 table only has space for two digits, so that would be a limit of 99, right?

Answer

Yes, as the Z103-SEQUENCE (bytes 15 and 16 of the z103_rec_key) is only 2 bytes, there can be only 99 links to/from a particular doc record.
