### Description:

There is no holdings info (sublibrary) on the Full View of Record and Brief View for course reserve records.

How to bring this sublibrary info to the opac pages?

### Resolution:

{Note: If it's just library-owned / abc01-linked titles which lack the location, consult article "Location not included in Course OPAC Full View for library-owned (abc01) titles" (KB 16384-49009).}

To get the location on the \*Full\* view you need to have the proper values in the edit\_doc\_999.eng and tab\_expand.

Your abc01 edit\_doc\_999.eng has these lines:

```
## ITM1 D LAvailability Y E
## PST## L LLocation/CallNumber Y L
```

These same lines need to be added to the abc30 edit\_doc\_999.eng.

Similarly, the expand\_doc\_bib\_loc\_n\_x lines WEB-FULL lines from abc01 tab\_expand need to be added to your abc30 tab\_expand. As noted in KB 16384-13441, the expand\_doc\_merge\_union\_crs needs to be first. Thus, you would have:

```
WEB-FULL expand_doc_merge_union_crs
WEB-FULL expand_doc_bib_loc_1_a
WEB-FULL expand_doc_bib_loc_1_b
WEB-FULL expand_doc_bib_loc_1_b2
WEB-FULL expand_doc_bib_loc_1_c
WEB-FULL expand_doc_sort_loc_b
WEB-FULL expand_doc_bib_loc_3_a
WEB-FULL expand_doc_bib_loc_cleanup
WEB-FULL fix_doc_do_file_08 delete_cat_field.fix
```

To get the location on the \*Brief\* View, you need to have the proper values in the www\_tab\_short.eng and tab\_expand.

Thus, you would add this line from your abc01/tab/www\_tab\_short.eng to your abc30 www\_tab\_short.eng:

8 L Locations 00 00 2000 L ## PST

And the expand\_doc\_bib\_loc\_n\_x lines WEB-BRIEF lines from abc01 tab\_expand to your abc30 tab\_expand.  
As noted in article "Problem displaying location/call number in OPAC brief view for course reserves" (KB 16384-13441), the expand\_doc\_merge\_union\_crs needs to be first:

```
WEB-BRIEF expand_doc_merge_union_crs
WEB-BRIEF expand_doc_yr 008,260##c
WEB-BRIEF expand_doc_type tab_type_config
WEB-BRIEF expand_doc_split_external
WEB-BRIEF expand_doc_bib_loc_1_a
WEB-BRIEF expand_doc_bib_loc_1_b
WEB-BRIEF expand_doc_bib_loc_1_b2
WEB-BRIEF expand_doc_bib_loc_1_c
WEB-BRIEF expand_doc_sort_loc_b
WEB-BRIEF expand_doc_bib_loc_2_a
WEB-BRIEF expand_doc_bib_loc_3_a
WEB-BRIEF expand_doc_bib_loc_cleanup
```
