

## Cancelling a POL in status "Waiting for invoice"

- **Product:** Alma
  - **Product Version:**
  - **Relevant for Installation Type:**
- 

### Description

How can I cancel a PO line in status "Waiting for invoice"?

### Resolution

Unfortunately it is not possible to cancel a PO line which is in status "Waiting for invoice". Instead you may close the order. Once closed, you will be able to delete it. Deleting a PO line removes it from the Alma system and also deletes any transactions and inventory resources associated with the PO line.
