

## Adding fields to a letter in Alma

- **Question**

How to find which fields can be added to a letter in Alma?

- **Answer**

Generate a letter e-mail to yourself with a raw XML using 'XML to Letter Admin' function in Alma under General Configuration Menu > General Configuration:

1. Choose user with your e-mail address on the top as 'XML receiver'
2. Identify a letter you want and click the check box for the letter
3. Save
4. Send the letter as normal
5. System will generate and send e-mail with full raw XML for the selected letter to a selected 'XML receiver'
