

Why is a recently added general electronic service not displaying?

- **Product:** Alma
 - **Product Version:** May 2016
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

Why is a recently added general electronic service not displaying?

Answer

By default, the system does not display newly added general electronic services.

To enable:

1. For the rule in question, go to Service Availability Rules tab
2. Click Edit for the Default general electronic services rule
3. Change IsDisplay=false to true
