

Compatibility of Sun T-Series servers and Aleph

- **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

Are Sun T-Series servers certified for Aleph?

Answer

No, our tests have found them unsuitable for Aleph. We therefore do not approve use of Sun T-Series servers as production environment. You may use them for Test environments, but Ex Libris cannot guarantee response times and performance.
