

OCLC number search in z39

- **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Description

Search for OCLC number (field 035) was defined in phrase in `./alephe/tab/z39_server/z39_server_XXX.conf`.

The search resulted in error:

```
[123] Unsupported attribute combination
```

Resolution

Word search works for attribute 1211.

In `./alephe/tab/z39_server/z39_server_XXX.conf`, define:

```
word OCLC 1211
```
