Question

Are stopwords used for searching Aleph from SFX Aleph plugin?

Answer

The stopwords are AND, OR, NOT.

Additional Information

The longest words in title are searched.

You can set up the `num_of_words_for_search` parameter in `aleph_xserver_lookup.config`. The default number is 4. Maximum limit is 10 words per search.

See SFX Guide (Feb 24 2011), pages 169-170.
