

2nd. Web Server?

- **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

Is it possible to start a second Web server (www_server) for testing purposes?

Answer

Yes, it's possible. Please see a description in document "System Administrator's Guide – System Overview" ([Aleph 22 System Overview.pdf](#)) , Chapter 5.3 "Starting your own server for testing".
