

## Does adam-02 update bibliographic records?

- **Product:** Aleph
  - **Product Version:** 22, 23
  - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
- 

### Question

In the help file for service adam-02 it states "This batch service uploads a file containing Z00 (descriptive metadata) and Z403 (technical metadata) Oracle records into the library". Does this include updating a bibliographic record?

### Answer

Unfortunately not. Only the creation of new BIB records is included.
