

Executing SQL Scripts gives warning on SP 5.0.1 installation

- **Product:** Rosetta
- **Product Version:** 5.0.1

Symptoms

Executing SQLs scripts gives warning on SP 5.0.1 installation. If a customer encounters the warning- script rep_DPS_13182.sql- failed to run- open a ticket to the support team to run the fixed script on the database.

-
- The fixed script will be available in 5.1 for customers that may have not seen the warning.
- Service pack 5.1 is scheduled to be released in mid September.
- For customers upgrading to 5.1 from an earlier version than 5.0.1 this warning message will not occur at all.
