
How to add logo to MetaLib

- **Product:** MetaLib
 - **Product Version:** All
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Question

How to add logo to MetaLib

Answer

1. Place the file in this directory:

```
/exlibris/metalib/mx_x/xxx01/icon_lng
```

2. Edit the banner-1 file, which is at: -

```
/exlibris/metalib/mx_4/xxx01/www_v_lng/banner-1
```

Example: if the log file name is: `abc.gif`

The file should be:

```
<a href="&server_vir?func=file&file_name=home" title="//Home\\">
```

3. Restart server: `Start_w`
