

360 Counter: ProQuest DB1 Fix

- **Product:** 360 Counter
-

ProQuest DB1 reports list the report information ('Report Type,' 'Date Run,' etc.) in the A column, but their Usage data begins in the B column. 360 Counter will not accept this report.

1. Shift the report information listed in columns A and B one column to the right:
A1 - A4 moves to B1 - B4
B1 - B2 moves to C1 - C2
 2. Highlight and delete column A
 3. Save and upload into 360 Counter
