

## Interface Language Translations

- **Product:** E-Journal Portal

### What languages are available for interfaces in ProQuest services?

We are able to support a variety of languages for the interfaces of ProQuest services.

The following table shows the languages we have already translated; however, if the language you want is not on this list, please contact us using the **Support Portal** option near the top of this page to discuss your options with a ProQuest staff person.

Use the appropriate Administration Console to select patron interface languages for [E-Journal Portal](#), [360 Link](#), [360 Search](#).

For instructions on how to customize the languages on the Summon patron interface, see the [Summon Administration Console User Guide](#).

Ulrichsweb patrons can change the language interface themselves on the main page of the [enhanced Ulrichsweb interface](#).

Use the Client Center Accounts page to select an [interface language for the Client Center](#).

Language	E-Journal Portal1 (360 Core), 360 Link, and 360 MARC Updates (2)	360 Search	AquaBrowser 3 (3)	Summon (4)	Ulrichsweb	Client Center (5)
