Are Ulrichsweb usage statistics COUNTER-compliant?

There are no COUNTER usage reports for Ulrich's online services at this time. Ulrichsweb is not a platform for hosting full-text journals or full-text databases for searching, so the COUNTER usage reports for Journal Report 1 (Number of Successful Full Text Article Requests by Month and Journal) and Journal Report 2 (Turnaways by Month and Journal) are not applicable to Ulrichsweb usage reporting.

Ulrichsweb does offer a variety of usage reports that you can use to gather the type of statistics that are reported in COUNTER Database Report 1 statistics (Total Searches and Sessions by Month and Database). Usage reports can be exported in several formats, including Excel, CSV, and XML.

For more information about available formats for usage statistics, please see [Ulrichsweb: Usage Statistics](#).
