

## Intota Assessment: Accessibility Compliance

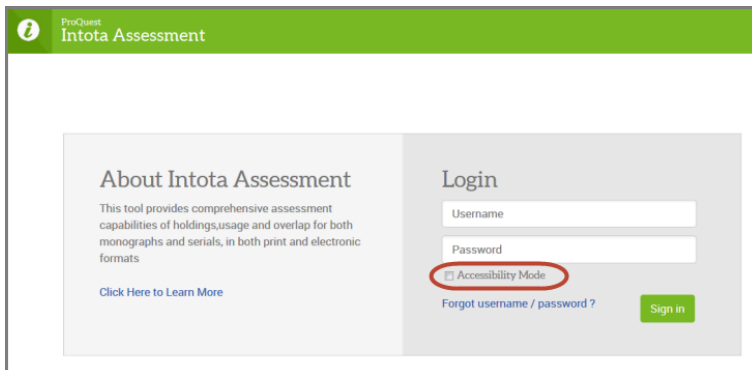

- **Product:** Intota Assessment

### How does Intota Assessment provide mechanisms to help visually impaired users?

Intota Assessment provides mechanisms that can make the screens more effective for visually impaired users. Details below. Our goal is to ensure the interface complies with Section 508 standards from the U.S. government.

#### Logging in to Accessible Version

When logging in, users have the Accessibility Mode checkbox that when clicked will activate the below mechanisms.

#### Keyboard Navigation

A user can navigate through Intota Assessment by using a keyboard:

Keystroke	Action
Tab	Functions as a regular tab key. Tabs through all clickable items on the screen.
Enter	Executes the associated action when focused on a clickable event.

Column menus in a report become clickable items when in Accessibility Mode. A column menu icon displays, such as the below example for the Authority Title column on the left side of the report:

Usage >> Journal >> Ejournal Zero Usage (JR1)

\* Period: Between 2013-01 - 2013-06

Provider: Authority Title: Title:

Ejournal Zero Usage (JR1)  
Time run: 10/2/2014 2:06:24 AM

Generated from JR1 reports for the specified time period.  
Default sort based on Authority Title.  
Use the pagination arrows at the top of the report to go to the next page or to view the full report.  
Right click column headers to re-order, and remove column data.

Rows 1 - 26  
eJournal Zero Usage Only 1 Journal Usage
