## Ulrichsweb: Video Tutorials

- **Product:** Ulrichs
- 

---

### Are there online tutorials available to learn about Ulrichsweb?

We created short (two- to eight-minute) video demonstrations of how to perform tasks within Ulrichsweb.

The videos are available in two formats: WMV for Windows computers and MP4 for Mac and others. Click "WMV" or "MP4" to start the video. If it doesn't work, then right click on the link and then save the video to your computer.

The videos are divided into three general areas; click a link here to jump to that area on this page:

- [Overview](#)
- [When to use Ulrichsweb](#)
- [Administration](#)

Video tutorials on other Ulrich's Services and the 360 Management and Discovery services are available [here](#).

Documentation for Ulrichsweb can be found in the [User Guide](#).
