

## Does Aleph provide output to the Outlook calendar format (\*.ics)?

- **Product:** Aleph
  - **Product Version:** 22, 23
  - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
- 

### Question

Does Aleph provide the option to create an output (e.g. by sending notices) to the Outlook calendar using format \*.ics?

### Answer

No, at the moment, Aleph does not provide output to the Outlook calendar format (\*.ics).
