

## Leganto Release Notes November 2016 - HF

---

### Resolved Issues

The following issues were resolved in this hotfix release:

- (URM-65518) The full view of a citation was disabled when using an iPad. This was fixed and the full view of a citation now works properly for iPad users.
- (URM-65111) In some cases, external links were mistakenly displayed for students who were not enrolled when lists were published as **Make the list and some of its materials available to all students**. This issue was fixed.
- (URM-65652) Some institutions experienced an issue with RefWorks integration. This was fixed.
