

Invoice displays incorrect date in Acquisitions

- **Product:** Voyager
 - **Product Version:** all
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Problem Symptoms

- Invoice date displays as 11/4/2028
- Date recorded in database April 28 2011
- PC recently refreshed, or new workstation

Cause

Date format is controlled on the individual workstation. Workstation is attempting to display the date yyyy/mm/dd in a mm/dd/yyyy format.

Resolution

Check short date format in calendar settings on workstation.
