
PLS-00201: identifier 'ETL_DQA.RUN_PROCESS_LOG' must be declared

- **Product:** ARC
 - **Product Version:** All version
 - **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care
-

Description

extract_arc is executing with the error below and failed.

```
mqbr1@ARC4> BEGIN ETL_DQA.RUN_PROCESS_LOG(2,'F'); END;
```

*

ERROR at line 1:

ORA-06550: line 1, column 7:

PLS-00201: identifier 'ETL_DQA.RUN_PROCESS_LOG' must be declared

ORA-06550: line 1, column 7:

PL/SQL: Statement ignored

This error can occur, when the ETL_DQA.RUN_PROCESS_LOG is not owned by user MQBR1 in ARC.

Resolution

1. connect as ssh user crn to your ARC system.
2. set environment variable
setenv ARC_LIBS MQBR1
3. echo \$ARC_LIBS
MQBR1
4. Import the library
csh -f \$arc_proc/imp_arc_libs

This will erase the data in the schema but rebuilt the structure and permissions.

After that, please re-run a FULL ETL.
