

Summon: Ideas Exchange Website for Enhancement Requests

How should I submit an idea I have for improving Summon?

The [Ideas Exchange platform](#) (also accessible from the **More Sites** drop-down menu in the Knowledge Center) is where the exchange of ideas takes place between Summon administrators at libraries and the product management team at Ex Libris. The ability to submit and review ideas is an invaluable source for helping to further develop Summon in the most effective ways.

We look forward to hearing your new ideas, supporting your favorite ideas that others have suggested, and providing feedback on popular ideas. <http://ideas.exlibrisgroup.com/>.
