

## Load portfolios and "No MMS was found" message

- **Product:** Alma
  - **Product Version:** March 2017
  - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
- 

### Question

What does the "No MMS was found for # records" message mean?

### Replication Steps

1. Search for Local Electronic Collection
2. Edit Service
3. Portfolio tab
4. Load Portfolios
5. Upload portfolio file, set parameters and click on Next
6. Click on Load
7. Job is submitted
8. Job is pending but doesn't complete

### Answer

When using the Replication Steps to create an electronic activation job, add local portfolios to an existing local electronic collection a "No MMS was found for # records" message appears. This message indicates that Alma created new records for some of the portfolios.
