

MFHDs created in Acquisitions cannot saved/updated in Cataloging

- **Product:** Voyager
 - **Product Version:** 10.0.0
-

Symptoms

MFHD created in Acquisitions gives "Unable to update this record" when attempt to save changes in Cataloging.

Defect Status

VYG-7256 is resolved in HFS 10.0.0.1. Open a Case with Voyager Support to schedule application of HFS 10.0.0.1.

Replication Steps

1. In Acquisitions > Tools > Defaults > Holdings, set a Default Holdings Template.
2. Create a new PO.
3. Add a line item to the PO.
4. In Cataloging, open MFHD associated with line item.
5. Edit MFHD.
6. Click Save to DB - "Unable to update this record"

Workaround

Clear the template from Acquisitions > Tools > Defaults > Holdings.
