

## OPAC: Course Reserve info does not include department and course

- **Product:** Voyager
  - **Product Version:** 9.1.0-9.1.1
- 

### Symptoms

The Course Reserve listing usually includes section, department and course information for each item on the list. In Voyager 9.1, the course and department does not display; only section is displayed.

### Defect Status

VYG-6515 is resolved for versions 9.2.0 and higher.

### Replication Steps

1. Open WebVoyage and go to the Course Reserve search page.
  2. Select any criteria that will display an active course reserve list.
  3. Look at the section, course, department information for any title in the list; note that they do not display.
