

## Exclusion operator not working in WebVoyage GKEY search

- **Product:** Voyager
  - **Product Version:** 6.2, 6.5.3
  - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
- 

### Symptoms

Exclusion operator - exclamation point (!) - not applied to search

### Defect Status

VYG-4246 is currently in Development.

### Replication Steps

In WebVoyage, search GKEY with exclusion operator (!). Example: red !hood

Note that results include records where excluded term is present. Example: Little Red Riding Hood

GKEY search for same terms without exclusion operator returns same result. Example: red hood

### Workaround

The Boolean NOT exclusion operator works in CMD Searches set up in the Basic Search tab.
