
Oracle PeopleSoft - Grades

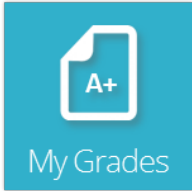

Overview and Prerequisites

Prior to reviewing this page, please review the Oracle PeopleSoft Integration Directory page, including prerequisites found [here](#).

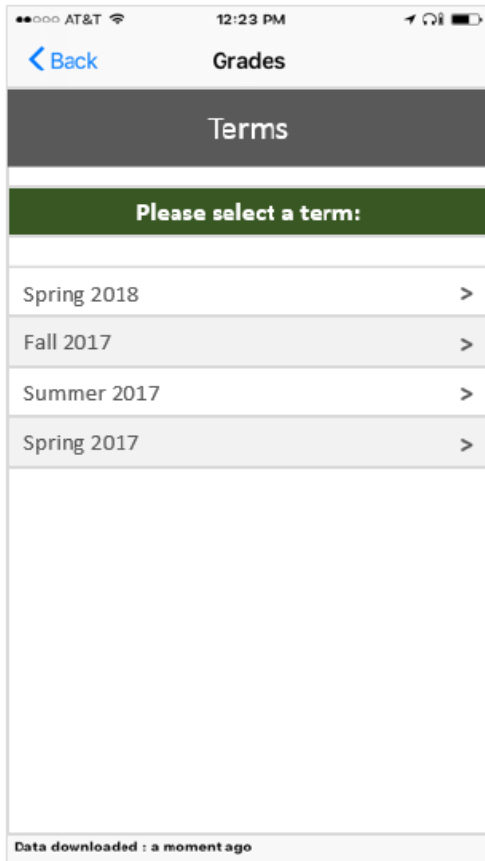

User Experience

The grades service allows student to view their grade details for an institution and semester. This data includes:

- Cumulative GPA
- Term GPA
- Subject
- Course Name
- Course Grade

Property	Static Tile
Default Size	1x1
Minimum Size	1x1
Suggested Design

Offline Functionality

Not supported.

Configuration Options

The following elements are available for configuration as part of the campusM-PeopleSoft Grades integration. Please note that some configuration options are set within PeopleSoft. These options are used to control which data are displayed and how it is organized based on existing Campus Solutions Installation and Student Records configuration options.

Configuration Item	Options	Default Value
Default screen	Allow institutions to choose which screen the Grades tile will open to: <ul style="list-style-type: none">• Current semester grades	Terms list

Configuration Item	Options	Default Value
	<ul style="list-style-type: none"> Terms list 	
Academic Career	<p>Allow institutions to organize the grades display by academic career. This option can be used in combination with the default screen options.</p> <ul style="list-style-type: none"> Current semester grades Terms list 	Terms list
Display fields	<p>The following fields are available to be displayed:</p> <ul style="list-style-type: none"> Academic program Associated class Class description Class number Class section Grading basis Grading scheme Institution Institution description Requirement designation Session code Student enrollment status Term Term begin date Term end date Unit taken 	

Labels

Label	Default Value
Tile name on home screen	My Grades
Page title	Grades
Link to terms	Terms
Terms header	Please select a term:
Career	Academic Career
GPA	<ul style="list-style-type: none"> Term GPA Cumulative GPA

Suggested Testing Guidelines

The following acceptance criteria is recommend to be used as part of the testing and approval process:

- User can access the Grades Tile and see their final grades for the current term
- User can navigate to view their terms
- User can select a term a see their final grades for that term
