
Viewing Primo New UI and Primo VE without customizations

- **Product:** Primo, Primo VE
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Description

Viewing Primo New UI and Primo VE, without all customizations which were loaded using the Customization Package.

Resolution

To remove local customizations which were uploaded via the Customization Package add

"`&noCustomization=true`" to the page's URL.

For example:

|| <https://primo.hosted.exlibrisgroup.com/primo-explore/search?vid=PRIMO&noCustomization=true>

Note

This has no effect on the customizations as they're seen by other users and only applies to the current browser session.
